Caution Concerning Forward-Looking Statements:

Our public communications and SEC filings may contain "forward-looking statements" – that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance and financial condition, and often contain words such as "expect," "anticipate," "intend," "plan," "believe," "seek," "see," "will," "would," "estimate," "forecast" or "target."

Forward-looking statements by their nature address matters that are, to different degrees, uncertain, such as statements about our announced plan to combine our Oil & Gas business with Baker Hughes, including projected revenue and cost synergies, impact on our earnings per share, and the timing and structure of the proposed transaction; our announced plan to reduce the size of our financial services businesses, including expected cash and non-cash charges associated with this plan and earnings per share of GE Capital's retained businesses (Verticals); expected income; earnings per share, including our 2018 target; revenues; organic growth; growth and productivity associated with our Digital business; margins; cost structure and plans to reduce costs; restructuring charges; transaction-related synergies and gains; cash flows, including the impact of pension funding contributions; returns on capital and investment; capital expenditures; capital allocation, including dividends, share repurchases and acquisitions; or capital structure, including leverage.

For us, particular uncertainties that could cause our actual results to be materially different than those expressed in our forward-looking statements include:

- our ability to complete incremental asset sales as part of our announced plan to reduce the size of our financial services businesses and our ability to reduce costs as we execute that plan;
- changes in law, economic and financial conditions, including interest and exchange rate volatility, commodity and equity prices and the value of financial assets;
- the impact of conditions in the financial and credit markets on the availability and cost of GE Capital Global Holdings, LLC's ("GE Capital") funding, and GE Capital's exposure to counterparties;
- pending and future mortgage loan repurchase claims and other litigation claims and investigations in connection with WMC, which may affect our estimates of liability, including possible loss estimates;
- our ability to maintain our current credit rating and the impact on our funding costs and competitive position if we do not do so;
- the amount and timing of our cash flows and earnings and other conditions, which may affect our ability to pay our quarterly dividend at the planned level or to repurchase shares at planned levels;
- GE Capital's ability to pay dividends to GE at the planned level, which may be affected by GE Capital's cash flows and earnings, financial services regulation and oversight, and other factors;
- our ability to launch new products in a cost-effective manner;
- our ability to increase margins through restructuring and other cost reduction measures;
- our ability to convert pre-order commitments/wins into orders/bookings;
- the price we realize on orders/bookings since commitments/wins are stated at list prices;
- customer actions or developments such as early aircraft retirements or reduced energy demand, changes in economic conditions, including oil prices, and other factors that may

affect the level of demand and financial performance of the major industries and customers we serve;

- the impact of regulation and regulatory, investigative and legal proceedings and legal compliance risks, including the impact of Alstom investigative and legal proceedings;
- our capital allocation plans, as such plans may change including with respect to the timing and size of share repurchases, acquisitions, joint ventures, dispositions and other strategic actions;
- our success in completing, including obtaining regulatory approvals and satisfying other closing conditions for, announced transactions, such as our announced plans and transactions to combine our Oil & Gas business with Baker Hughes and reduce the size of our financial services businesses;
- our success in integrating acquired businesses and operating joint ventures, including Baker Hughes;
- our ability to realize revenue and cost synergies from announced transactions, acquired businesses and joint ventures, including Alstom and Baker Hughes;
- the impact of potential information technology or data security breaches; and
- the other factors that are described in "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2015.

These or other uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.

Our public communications and SEC filings may include certain forward-looking projected financial information that is based on current estimates and forecasts. Actual results could differ materially.
