

QUALITY REMARK: AEPD

QUALITY REQUIREMENT NUMBER 725

THESE PARTS ARE BEING RETURNED TO YOU, THE SUPPLIER, FOR REWORK.
SUFFIX CODE "R/C" HAS BEEN ADDED TO THE PART NUMBER TO DIFFERENTIATE
IT FROM REGULAR PRODUCTION HARDWARE.

YOU SHOULD RECEIVE, ALONG WITH THIS PURCHASE ORDER, A GE NONCONFORMANCE
DOCUMENT DESCRIBING WHAT IS WRONG WITH THE PARTS. IF THIS
NONCONFORMANCE DOCUMENT IS MISSING, REQUEST A COPY FROM YOUR CONTRACT
ADMINISTRATOR.

REWORK HARDWARE (SUFFIX CODE "R/C") IS SUBJECT TO THE SAME QUALITY
REQUIREMENTS AS THOSE PLACED ON THE ASSOCIATED REGULAR PRODUCTION PARTS.
IF THESE QUALITY REQUIREMENTS CANNOT BE MET, OR IF AFTER RECEIVING THE
PARTS, YOU AS THE SUPPLIER DETERMINE THAT THE PARTS CANNOT BE REWORKED
(BACK TO BLUEPRINT) THEN CONTACT YOUR CONTRACT ADMINISTRATOR FOR FURTHER
INSTRUCTIONS.

WARNING: IF THE PARTS CANNOT BE REWORKED AND NEED TO BE REPAIRED, THE
REPAIR CAN BE PERFORMED ONLY AFTER RECEIPT OF AN APPROVED GE CASE RECORD
ALONG WITH AN AUTHORIZED GE REPAIR PROCEDURE.
