

Requirement G69

Revision October 26, 2007

GE Engine Services or its Affiliates Repair Unit(s) required Turn Around Time (TAT):

The Purchaser requires that the unit(s) to be repaired listed on this purchase order be repaired by the Seller and shipped to the designated "ship to" address within 18 calendar days of receipt of this order or provide GE Engine Services the option to accept an exchange unit(s) of equal or better configuration, condition, and value within the same time period.
