Stores management systems

Proven safety architecture for safe store integration and release

5,000+ | Systems fielded

150 | Store types

30 | Platforms supported

Main platforms >
F-35
F/A-18
NH-90
P-1
Autonomous vehicles

SH-60
P-8
AH-64
AH-1Z

STORES MANAGEMENT COMPUTERS

Offloads mission system for safety critical store processing and release

STATION CONTROLLERS

Scalable interface management for stores, carriage systems, and launchers or racks

CENTRALIZED STORES MANAGEMENT SYSTEMS (SMS)

Optimized SWaP supporting both stores management computer & station controller functionality
